

# Guifi.net

A free open and neutral community  
network

Guifi.net → what is guifi.net?

[http://guifi.net/ca/que\\_es](http://guifi.net/ca/que_es)

[https://guifi.net/en/what\\_is\\_guifinet](https://guifi.net/en/what_is_guifinet)

[https://guifi.net/es/que\\_es](https://guifi.net/es/que_es)

# Guifi.net today

Volunteer population is decreasing. Check website: <https://guifi.net> (HELP)

Guifi.net professional ecosystem is composed in 90% by for-profit ISPs and 10% by associative and cooperative ISPs. (!!)

# Some data

~90 subscribers and 60 active tunnels now

We co-build a wireless network

In certain places we connect different wireless network subzones with FTTH from traditional telcos

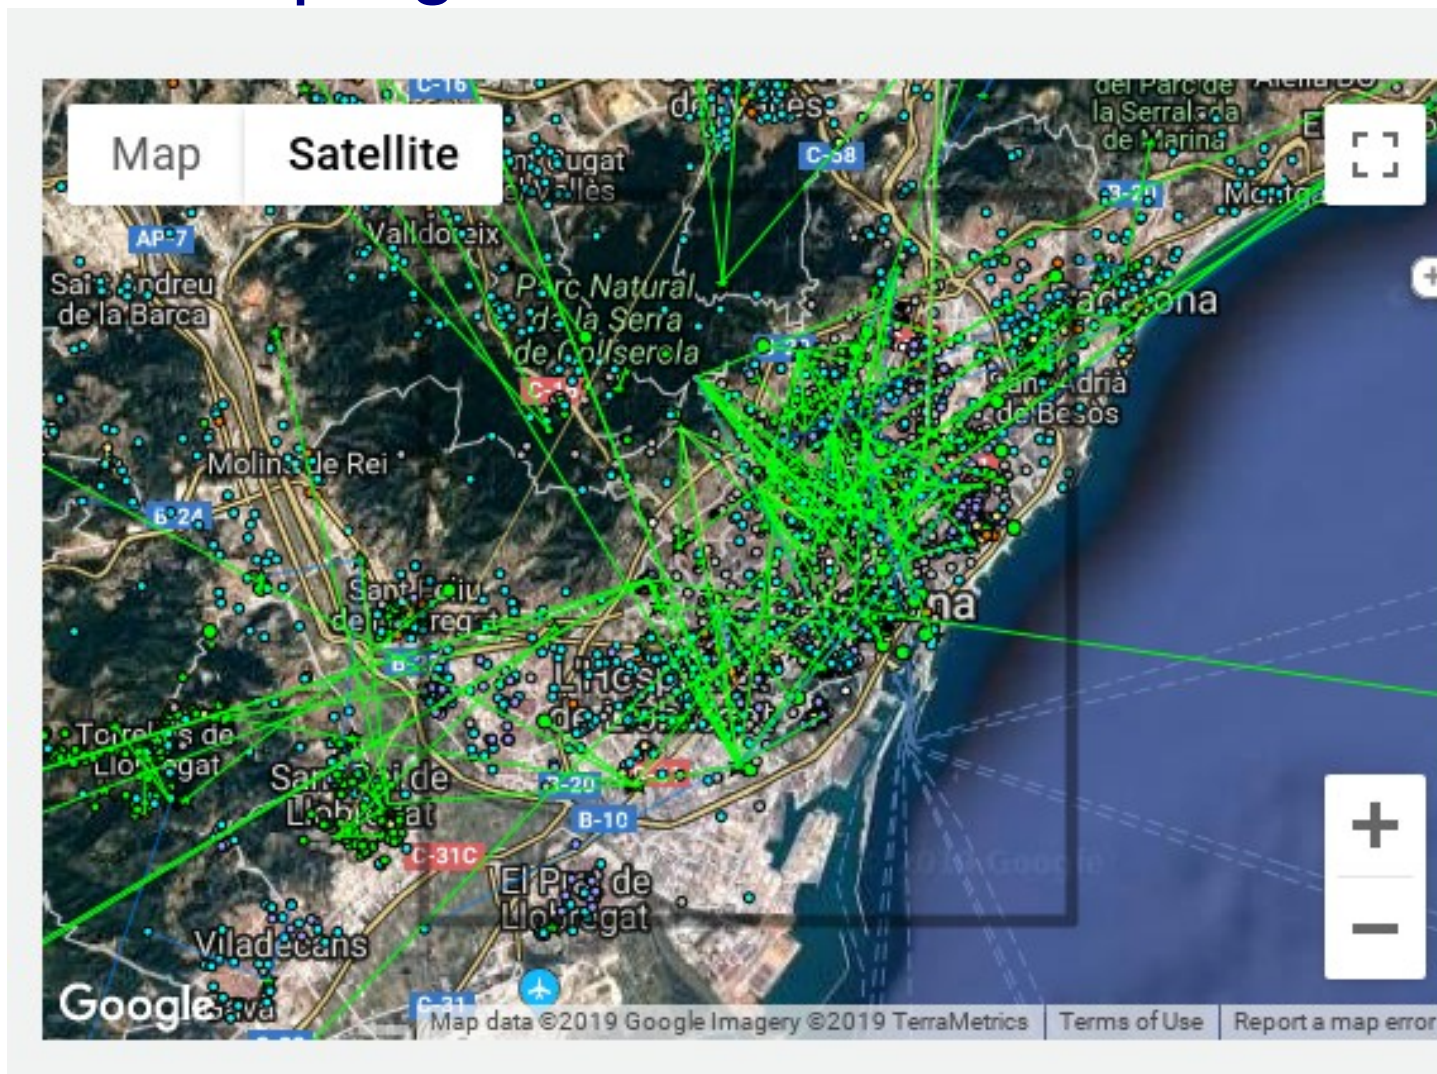

Cost oriented best effort service with no contract:

10€ no internet tunnel (indirect access)

12€ internet tunnel

# Backbone network
